Now We will discover **Social Lead Freak** how to open, identify, target, and close, hot 'n ready leads with a sneaky elite level software.

Now let me show you why I had to create kick-ass Facebook and Google+ lead generation software for my personal offline marketing business...and explain it quickly.

Last time I looked, you're here to *make some* *social lead freak* money and not read an epic, hype-y novel...

Fresh New Money = Fresh New Leads

This is how it works in *any* business.

If you are a Amazon, Clickbank , or any other type of affiliate.

If you sell information products on internet.

If you promote via a Twitter, Linkin, Facebook Fan page or other social media.

If you have a e-mail list or niche blog.

If you provide services to online or offline clients.

It's not possible to transform new customers if you can't mortal fresh leads.

Simple enough, right?

But as you may already know, the conventional wells of leads and traffic are pretty dry out.

Marketers are fighting for scraps in 'em.
