You can live your neo-classical fantasies, minimalism in post WWII Canada where they eat people for protein, the would may go but carbs will stay avoided.. This is the orchestra on drugs (or what people will say if you do a good job) and the effects in percussion, individual instruments and ensembles are effective.. In comparison the Giga version by way of Kontakt was much richer sounding and barely using any of the cool features you can apply using Kontakt or even Kompakt's truncated engine.. Big Fish Audio Prosonus The Orchestral Collection VSTi. Don't overlook the generally overcompressed sound, it fits well with a lot of different music, just don't think of it as a serious orchestration tool.

It is a serious sin when libraries ahve different sound sets, albiet on the novelty patches, but it's a pet peeve of mine.. I like it so much for it's style and near mellotronesque charm that I can't help but highly recommend it with the following caveatsCons: Sample quality is more like 12 bit which is fine, but it's not for serious studies unless you can justify the purchase for classes and go and do your thing when you get home.. I'm not sure what happened but it sounds like someone really screwed up on several patches in the UVI version.. Des Moines couldn't hold him The Lost Continent, Made in America, The Mother Tongue..
